WHAT YOU NEED TO BRING WITH YOU IN A SOFT HOLDALL

Due to limited storage hard cases are inappropriate.

- . A sleeping bag and a pillowcase. (Pillows are provided)
- . Warm clothing preferably layers. Thermals are recommended
- . Pack hats, gloves, sunglasses, sunscreen, seasickness remedies, washbag and a towel. Due to close confines earplugs are a good idea.
- . Deck shoes or non marking trainers although sailing boots will keep you warmer. There is no need to spend a fortune, a pair of Gill full length deck boots can be bought for about £35. Try www.force4.co.uk or your local chandlers.
- . Don't forget any medication that you might be on and bring enough to last the entire cruise.
- . If you are doing your Day Skipper, Coastal Skipper or Yachtmaster Offshore you will need to bring two passport photos.

Wet weather high fit trousers and jackets can be hired at a cost of £5 per day. Please advise at time of booking if these are required and what size you require.

DON'T FORGET YOUR CAMERA for those unforgettable moments.
